GENERAL PROVISIONS

DEPARTMENT OF ENERGY

Contracts.

SEC. 301. (a)(1) None of the funds in this or any other appropriations Act for fiscal year 2006 or any previous fiscal year may be used to make payments for a noncompetitive management and operating contract unless the Secretary of Energy has published in the Federal Register and submitted to the Committees on Appropriations of the House of Representatives and the Senate a written notification, with respect to each such contract, of the Secretary's decision to use competitive procedures for the award of the contract, or to not renew the contract, when the term of the contract expires.

(2) Paragraph (1) does not apply to an extension for up to 2 years of a noncompetitive management and operating contract, if the extension is for purposes of allowing time to award competitively a new contract, to provide continuity of service between contracts, or to complete a contract that will not be renewed.

(b) In this section:

(1) The term “noncompetitive management and operating contract” means a contract that was awarded more than 50 years ago without competition for the management and operation of Ames Laboratory, Argonne National Laboratory, Lawrence Berkeley National Laboratory, Lawrence Livermore National Laboratory, and Los Alamos National Laboratory.

(2) The term “competitive procedures” has the meaning provided in section 4 of the Office of Federal Procurement Policy Act (41 U.S.C. 403) and includes procedures described in section 303 of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253) other than a procedure that solicits a proposal from only one source.

(c) For all management and operating contracts other than those listed in subsection (b)(1), none of the funds appropriated by this Act may be used to award a management and operating contract, or award a significant extension or expansion to an existing management and operating contract, unless such contract is awarded using competitive procedures or the Secretary of Energy grants, on a case-by-case basis, a waiver to allow for such a deviation. The Secretary may not delegate the authority to grant such a waiver. At least 60 days before a contract award for which the Secretary intends to grant such a waiver, the Secretary shall submit to the Committees on Appropriations of the House of Representatives and the Senate a report notifying the Committees of the waiver and setting forth, in specificity, the substantive reasons why the Secretary believes the requirement for competition should be waived for this particular award.

(b) The Bureau of Alcohol, Tobacco, Firearms and Explosives shall include in all such data releases, language similar to the following that would make clear that trace data cannot be used to draw broad conclusions about firearms-related crime:

(1) Firearm traces are designed to assist law enforcement authorities in conducting investigations by tracking the sale and possession of specific firearms. Law enforcement agencies may request firearms traces for any reason, and those reasons are not necessarily reported to the Federal Government. Not all firearms used in crime are traced and not all firearms traced are used in crime.

(2) Firearms selected for tracing are not chosen for purposes of determining which types, makes or models of firearms are used for illicit purposes. The firearms selected do not constitute a random sample and should not be considered representative of the larger universe of all firearms used by criminals, or any subset of that universe. Firearms are normally traced to the first retail seller, and sources reported for firearms traced do not necessarily represent the sources or methods by which firearms in general are acquired for use in crime.

None of the funds appropriated by this Act may be used by the Federal Communications Commission to modify, amend, or change its rules or regulations for universal service support payments to implement the February 27, 2004 recommendations of the Federal-State Joint Board on Universal Service regarding single connection or primary line restrictions on universal service support payments.

SEC. 623. None of the funds appropriated or otherwise made available under this Act may be used to issue patents on claims directed to or encompassing a human organism.

SEC. 626. None of the funds made available to NASA in this Act may be used for voluntary separation incentive payments as provided for in subchapter II of chapter 35 of title 5, United States Code, unless the Administrator of NASA has first certified to Congress that such payments would not result in the loss of skills related to the safety of the Space Shuttle or the International Space Station or to the conduct of independent safety oversight in the National Aeronautics and Space Administration.

The Administrator may enter into an arrangement with the National Academy of Sciences to help develop the national aeronautics policy.

(b) The foregoing exemption from obtaining an export license—

(1) does not exempt an exporter from filing any Shipper's Export Declaration or notification letter required by law, or from being otherwise eligible under the laws of the United States to possess, ship, transport, or export the articles enumerated in subsection (a); and

(2) does not permit the export without a license of—

(A) fully automatic firearms and components and parts for such firearms, other than for end use by the Federal Government, or a Provincial or Municipal Government of Canada;

(B) barrels, cylinders, receivers (frames) or complete breech mechanisms for any firearm listed in Category I, other than for end use by the Federal Government, or a Provincial or Municipal Government of Canada; or

(C) articles for export from Canada to another foreign destination.

Canada. (c) In accordance with this section, the District Directors of Customs and postmasters shall permit the permanent or temporary export without a license of any unclassified articles specified in subsection (a) to Canada for end use in Canada or return to the United States, or temporary import of Canadian-origin items from Canada for end use in the United States or return to Canada for a Canadian citizen.

President.
Federal Register,

(d) The President may require export licenses under this section on a temporary basis if the President determines, upon publication first in the Federal Register, that the Government of Canada has implemented or maintained inadequate import controls for the articles specified in subsection (a), such that a significant diversion of such articles has and continues to take place for use in international terrorism or in the escalation of a conflict in another nation. The President shall terminate the requirements of a license when reasons for the temporary requirements have ceased.

President.

SEC. 630. Notwithstanding any other provision of law, no department, agency, or instrumentality of the United States receiving appropriated funds under this Act or any other Act shall obligate or expend in any way such funds to pay administrative expenses or the compensation of any officer or employee of the United States to deny any application submitted pursuant to 22 U.S.C. 2778(b)(1)(B) and qualified pursuant to 27 CFR Sec. 478.112 or .113, for a permit to import United States origin “curios or relics” firearms, parts, or ammunition.

An Act

Nov. 22, 2005
[S. 1713]

To make amendments to the Iran Nonproliferation Act of 2000 related to International Space Station payments, and for other purposes.

Iran
Nonproliferation
Amendments Act
of 2005.
Russian
Federation.
50 USC 1701
note.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Iran Nonproliferation Amendments Act of 2005”.

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) The Director of Central Intelligence’s most recent Unclassified Report to Congress on the Acquisition of Technology Relating to Weapons of Mass Destruction and Advanced Conventional Munitions, 1 July Through 31 December 2003, states “Russian entities during the reporting period continued to supply a variety of ballistic missile-related goods and technical know-how to countries such as Iran, India, and China. Iran’s earlier success in gaining technology and materials from Russian entities helped accelerate Iranian development of the Shahab-3 MRBM, and continuing Russian entity assistance has supported Iranian efforts to develop new missiles and increase Tehran’s self-sufficiency in missile production.”

Lowell E. Jacoby.

(2) Vice Admiral Lowell E. Jacoby, the Director of the Defense Intelligence Agency, stated in testimony before the Select Committee on Intelligence of the Senate on February 16, 2005, that “Tehran probably will have the ability to produce nuclear weapons early in the next decade”.

(3) Iran has—

(A) failed to act in accordance with the Agreement Between Iran and the International Atomic Energy Agency for the Application of Safeguards in Connection with the Treaty on the Non-Proliferation of Nuclear Weapons, done at Vienna June 19, 1973 (commonly referred to as the “Safeguards Agreement”);

(B) acted in a manner inconsistent with the Protocol Additional to the Agreement Between Iran and the International Atomic Energy Agency for the Application of Safeguards, signed at Vienna December 18, 2003 (commonly referred to as the “Additional Protocol”);

(C) acted in a manner inconsistent with its obligations under the Treaty on the Non-Proliferation of Nuclear Weapons, done at Washington, London, and Moscow July

1, 1968, and entered into force March 5, 1970 (commonly referred to as the “Nuclear Non-Proliferation Treaty”); and

(D) resumed uranium conversion activities, thus ending the confidence building measures it adopted in its November 2003 agreement with the foreign ministers of the United Kingdom, France, and Germany.

(4) On September 24, 2005, the Board of Governors of the International Atomic Energy Agency (IAEA) formally declared that Iranian actions constituted noncompliance with its nuclear safeguards obligations, and that Iran’s history of concealment of its nuclear activities has given rise to questions that are within the purview of the United Nations Security Council.

(5) The executive branch has on multiple occasions used the authority provided under section 3 of the Iran Nonproliferation Act of 2000 (Public Law 106–178; 50 U.S.C. 1701 note) to impose sanctions on entities that have engaged in activities in violation of restrictions in the Act relating to—

(A) the export of equipment and technology controlled under multilateral export control lists, including under the Australia Group, Chemical Weapons Convention, Missile Technology Control Regime, Nuclear Suppliers Group, and the Wassenaar Arrangement or otherwise having the potential to make a material contribution to the development of weapons of mass destruction or cruise or ballistic missile systems to Iran; and

(B) the export of other items to Iran with the potential of making a material contribution to Iran’s weapons of mass destruction programs or on United States national control lists for reasons related to the proliferation of weapons of mass destruction or missiles.

(6) The executive branch has never made a determination pursuant to section 6(b) of the Iran Nonproliferation Act of 2000 that—

(A) it is the policy of the Government of the Russian Federation to oppose the proliferation to Iran of weapons of mass destruction and missile systems capable of delivering such weapons;

(B) the Government of the Russian Federation (including the law enforcement, export promotion, export control, and intelligence agencies of such government) has demonstrated and continues to demonstrate a sustained commitment to seek out and prevent the transfer to Iran of goods, services, and technology that could make a material contribution to the development of nuclear, biological, or chemical weapons, or of ballistic or cruise missile systems; and

(C) no entity under the jurisdiction or control of the Government of the Russian Federation, has, during the 1-year period prior to the date of the determination pursuant to section 6(b) of such Act, made transfers to Iran reportable under section 2(a) of the Act.

(7) On June 29, 2005, President George W. Bush issued Executive Order 13382 blocking property of weapons of mass destruction proliferators and their supporters, and used the authority of such order against 4 Iranian entities, Aerospace Industries Organization, Shahid Hemmat Industrial Group,

George W. Bush.

Shahid Bakeri Industrial Group, and the Atomic Energy Organization of Iran, that have engaged, or attempted to engage, in activities or transactions that have materially contributed to, or pose a risk of materially contributing to, the proliferation of weapons of mass destruction or their means of delivery (including missiles capable of delivering such weapons), including efforts to manufacture, acquire, possess, develop, transport, transfer, or use such items.

SEC. 3. AMENDMENTS TO IRAN NONPROLIFERATION ACT OF 2000 RELATED TO INTERNATIONAL SPACE STATION PAYMENTS.

(a) **TREATMENT OF CERTAIN PAYMENTS.**—Section 7(1)(B) of the Iran Nonproliferation Act of 2000 (Public Law 106–178; 50 U.S.C. 1701 note) is amended—

(1) by striking the period at the end and inserting a comma; and

(2) by adding at the end the following:
 “except that such term does not mean payments in cash or in kind made or to be made by the United States Government prior to January 1, 2012, for work to be performed or services to be rendered prior to that date necessary to meet United States obligations under the Agreement Concerning Cooperation on the Civil International Space Station, with annex, signed at Washington January 29, 1998, and entered into force March 27, 2001, or any protocol, agreement, memorandum of understanding, or contract related thereto.”.

(b) **EXCEPTION.**—Section 6(h) of the Iran Nonproliferation Act of 2000 (Public Law 106–178; 50 U.S.C. 1701 note) is amended by inserting after “extraordinary payments in connection with the International Space Station” the following: “, or any other payments in connection with the International Space Station,”.

(c) **REPORTING REQUIREMENTS.**—Section 6 of the Iran Nonproliferation Act of 2000 (Public Law 106–178; 50 U.S.C. 1701 note) is amended by adding at the end the following new subsection:

“(i) **REPORT ON CERTAIN PAYMENTS RELATED TO INTERNATIONAL SPACE STATION.**—

President.

Congress makes the following findings:

(1) Water-related diseases are a human tragedy, killing up to five million people annually, preventing millions of people from leading healthy lives, and undermining development efforts.

(2) A child dies an average of every 15 seconds because of lack of access to safe water and adequate sanitation.

(3) In the poorest countries in the world, one out of five children dies from a preventable, water-related disease.

(4) Lack of access to safe drinking water, inadequate sanitation, and poor hygiene practices are directly responsible for the vast majority of diarrheal diseases which kill over two million children each year.

(5) At any given time, half of all people in the developing world are suffering from one or more of the main diseases associated with inadequate provision of water supply and sanitation services.

(6) Over 1.1 billion people, one in every six people in the world, lack access to safe drinking water.

(7) Nearly 2.6 billion people, two in every five people in the world, lack access to basic sanitation services.

(8) Half of all schools in the world do not have access to safe drinking water and basic sanitation.

(9) Over the past 20 years, two billion people have gained access to safe drinking water and 600 million people have gained access to basic sanitation services.

(10) Access to safe water and sanitation and improved hygiene are significant factors in controlling the spread of disease in the developing world and positively affecting worker productivity and economic development.

(11) Increasing access to safe water and sanitation advances efforts toward other development objectives, such as fighting poverty and hunger, promoting primary education and

gender equality, reducing child mortality, promoting environmental stability, improving the lives of slum dwellers, and strengthening national security.

(12) Providing safe supplies of water and sanitation and hygiene improvements would save millions of lives by reducing the prevalence of water-borne diseases, water-based diseases, water-privation diseases, and water-related vector diseases.

(13) Because women and girls in developing countries are often the carriers of water, lack of access to safe water and sanitation disproportionately affects women and limits women's opportunities at education, livelihood, and financial independence.

(14) Between 20 percent and 50 percent of existing water systems in developing countries are not operating or are operating poorly.

(15) In developing world water delivery systems, an average of 50 percent of all water is lost before it gets to the end-user.

(16) Every \$1 invested in safe water and sanitation would yield an economic return of between \$3 and \$34, depending on the region.

(17) Developing sustainable financing mechanisms, such as pooling mechanisms and revolving funds, is necessary for the long-term viability of improved water and sanitation services.

(18) The annual level of investment needed to meet the water and sanitation needs of developing countries far exceeds the amount of Official Development Assistance (ODA) and spending by governments of developing countries, so facilitating and attracting greater public and private investment is essential.

(19) Meeting the water and sanitation needs of the lowest-income developing countries will require an increase in the resources available as grants from donor countries.

(20) The long-term sustainability of improved water and sanitation services can be advanced by promoting community level action and engagement with civil society.

(21) Target 10 of the United Nations Millennium Development Goals is to reduce by half the proportion of people without sustainable access to safe drinking water by 2015.

(22) The participants in the 2002 World Summit on Sustainable Development, held in Johannesburg, South Africa, including the United States, agreed to the Plan of Implementation of the World Summit on Sustainable Development which included an agreement to work to reduce by one-half "the proportion of people who are unable to reach or afford safe drinking water," and "the proportion of people without access to basic sanitation" by 2015.

(23) At the World Summit on Sustainable Development, the United States announced the Water for the Poor Initiative, committing \$970 million for fiscal years 2003 through 2005 to improve sustainable management of fresh water resources and accelerate and expand international efforts to achieve the goal of cutting in half by 2015 the proportion of people who are unable to reach or to afford safe drinking water.

(24) United Nations General Assembly Resolution 58/217 (February 9, 2004) proclaimed "the period from 2005 to 2015

the International Decade for Action, ‘Water for Life’, to commence on World Water Day, 22 March 2005” for the purpose of increasing the focus of the international community on water-related issues at all levels and on the implementation of water-related programs and projects.

(25) Around the world, 263 river basins are shared by two or more countries, and many more basins and watersheds cross political or ethnic boundaries.

(26) Water scarcity can contribute to insecurity and conflict on subnational, national, and international levels, thus endangering the national security of the United States.

(27) Opportunities to manage water problems can be leveraged in ways to build confidence, trust, and peace between parties in conflict.

(28) Cooperative water management can help resolve conflicts caused by other problems and is often a crucial component in resolving such conflicts.

(29) Cooperative water management can help countries recover from conflict and, by promoting dialogue and cooperation among former parties in conflict, can help prevent the reemergence of conflict.

SEC. 3. STATEMENT OF POLICY.

22 USC 2152h
note.

It is the policy of the United States—

(1) to increase the percentage of water and sanitation assistance targeted toward countries designated as high priority countries under section 6(f) of this Act;

(3) to ensure that the targeting of water and sanitation assistance reflect an appropriate balance between urban, periurban, and rural areas to meet the purposes of assistance described in section 135 of the Foreign Assistance Act of 1961, as added by section 5(a) of this Act;

(4) to ensure that forms of water and sanitation assistance provided reflect the level of existing resources and markets for investment in water and sanitation within recipient countries;

(5) to ensure that water and sanitation assistance, to the extent possible, supports the poverty reduction strategies of recipient countries and, when appropriate, encourages the inclusion of water and sanitation within such poverty reduction strategies;

(9) to encourage reforms and increase the capacity of foreign governments to formulate and implement policies that

expand access to safe water and sanitation in an affordable, equitable, and sustainable manner, including integrated strategic planning; and

22 USC 2152h
note.

SEC. 4. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) in order to make the most effective use of amounts of Official Development Assistance for water and sanitation and avoid waste and duplication, the United States should seek to establish innovative international coordination mechanisms based on best practices in other development sectors; and

(2) the United States should greatly increase the amount of Official Development Assistance made available to carry out section 135 of the Foreign Assistance Act of 1961, as added by section 5(a) of this Act.

(A) who are dependents of persons engaged in the administration, operation, and maintenance of Yosemite National Park; or

(B) who live within or near the park upon real property owned by the United States.

(2) The Secretary's authority to make payments under this section shall terminate if the State of California or local education agencies do not continue to provide funding to the schools referred

to in subsection (a) at per student levels that are no less than the amount provided in fiscal year 2005.

(b) **LIMITATION ON USE OF FUNDS.**—Payments made under this section shall only be used to pay public employees for educational services provided in accordance with subsection (a). Payments may not be used for construction, construction contracts, or major capital improvements.

(c) **LIMITATION ON AMOUNT OF FUNDS.**—Payments made under this section shall not exceed the lesser of—

(B) It is the sense of Congress that any payments made under this section should not result in a reduction of funds to Yosemite National Park from any specific funding source, and that with respect to appropriated funds, funding levels should reflect annual increases in the park's operating base funds that are generally made to units of the National Park System.

note.

SEC. 101. FINDINGS.

Congress finds the following:

(1) There are sectors of the United States economy, including public transportation, parking meters, vending machines, and low-dollar value transactions, in which the use of a \$1 coin is both useful and desirable for keeping costs and prices down.

(2) For a variety of reasons, the new \$1 coin introduced in 2000 has not been widely sought-after by the public, leading to higher costs for merchants and thus higher prices for consumers.

(3) The success of the 50 States Commemorative Coin Program (31 U.S.C. 5112(l)) for circulating quarter dollars shows that a design on a United States circulating coin that is regularly changed in a manner similar to the systematic change in designs in such Program radically increases demand for the coin, rapidly pulling it through the economy.

(4) The 50 States Commemorative Coin Program also has been an educational tool, teaching both Americans and visitors something about each State for which a quarter has been issued.

(5) A national survey and study by the Government Accountability Office has indicated that many Americans who do not seek, or who reject, the new \$1 coin for use in commerce would actively seek the coin if an attractive, educational rotating design were to be struck on the coin.

(6) The President is the leader of our tripartite government and the President's spouse has often set the social tone for the White House while spearheading and highlighting important issues for the country.

(7) Sacagawea, as currently represented on the new \$1 coin, is an important symbol of American history. Sacagawea.

(8) Many people cannot name all of the Presidents, and fewer can name the spouses, nor can many people accurately place each President in the proper time period of American history.

(9) First Spouses have not generally been recognized on American coinage.

(10) In order to revitalize the design of United States coinage and return circulating coinage to its position as not only a necessary means of exchange in commerce, but also as an object of aesthetic beauty in its own right, it is appropriate to move many of the mottos and emblems, the inscription of the year, and the so-called “mint marks” that currently appear on the 2 faces of each circulating coin to the edge of the coin, which would allow larger and more dramatic artwork on the coins reminiscent of the so-called “Golden Age of Coinage” in the United States, at the beginning of the Twentieth Century, initiated by President Theodore Roosevelt, with the assistance of noted sculptors and medallist artists James Earle Fraser and Augustus Saint-Gaudens.

(11) Placing inscriptions on the edge of coins, known as edge-incusing, is a hallmark of modern coinage and is common in large-volume production of coinage elsewhere in the world, such as the 2,700,000,000 2-Euro coins in circulation, but it has not been done on a large scale in United States coinage in recent years.

(12) Although the Congress has authorized the Secretary of the Treasury to issue gold coins with a purity of 99.99 percent, the Secretary has not done so.

(13) Bullion coins are a valuable tool for the investor and, in some cases, an important aspect of coin collecting.

SEC. 102. PRESIDENTIAL \$1 COIN PROGRAM.

Section 5112 of title 31, United States Code, is amended by adding at the end the following:

“(n) REDESIGN AND ISSUANCE OF CIRCULATING \$1 COINS HONORING EACH OF THE PRESIDENTS OF THE UNITED STATES.—

“(1) REDESIGN BEGINNING IN 2007.—

“(A) IN GENERAL.—Notwithstanding subsection (d) and in accordance with the provisions of this subsection, \$1 coins issued during the period beginning January 1, 2007, and ending upon the termination of the program under paragraph (8), shall—

“(D) INSCRIPTIONS OF ‘LIBERTY’.—Notwithstanding the second sentence of subsection (d)(1), because the use of a design bearing the likeness of the Statue of Liberty on the reverse of the coins issued under this subsection adequately conveys the concept of Liberty, the inscription of ‘Liberty’ shall not appear on the coins.

“(E) LIMITATION IN SERIES TO DECEASED PRESIDENTS.—No coin issued under this subsection may bear the image of a living former or current President, or of any deceased former President during the 2-year period following the date of the death of that President.

“(9) REVERSION TO PRECEDING DESIGN.—Upon the termination of the issuance of coins under this subsection, the design of all \$1 coins shall revert to the so-called ‘Sacagawea-design’ \$1 coins.”.

TITLE III—ABRAHAM LINCOLN BICENTENNIAL 1-CENT COIN REDESIGN

SEC. 301. FINDINGS.

31 USC 5112
note.

Congress finds the following:

(1) Abraham Lincoln, the 16th President, was one of the Nation’s greatest leaders, demonstrating true courage during the Civil War, one of the greatest crises in the Nation’s history.

(2) Born of humble roots in Hardin County (present-day LaRue County), Kentucky, on February 12, 1809, Abraham Lincoln rose to the Presidency through a combination of honesty, integrity, intelligence, and commitment to the United States.

(3) With the belief that all men are created equal, Abraham Lincoln led the effort to free all slaves in the United States.

(4) Abraham Lincoln had a generous heart, with malice toward none, and with charity for all.

(5) Abraham Lincoln gave the ultimate sacrifice for the country he loved, dying from an assassin’s bullet on April 15, 1865.

(6) All Americans could benefit from studying the life of Abraham Lincoln, for Lincoln’s life is a model for accomplishing the “American dream” through honesty, integrity, loyalty, and a lifetime of education.

(7) The year 2009 will be the bicentennial anniversary of the birth of Abraham Lincoln.

(8) Abraham Lincoln was born in Kentucky, grew to adulthood in Indiana, achieved fame in Illinois, and led the nation in Washington, D.C.

(9) The so-called “Lincoln cent” was introduced in 1909 on the 100th anniversary of Lincoln’s birth, making the obverse design the most enduring on the nation’s coinage.

(10) President Theodore Roosevelt was so impressed by the talent of Victor David Brenner that the sculptor was chosen to design the likeness of President Lincoln for the coin, adapting a design from a plaque Brenner had prepared earlier.

(11) In the nearly 100 years of production of the “Lincoln cent”, there have been only 2 designs on the reverse: the original, featuring 2 wheat-heads in memorial style enclosing mottoes, and the current representation of the Lincoln Memorial in Washington, D.C.

(12) On the occasion of the bicentennial of President Lincoln’s birth and the 100th anniversary of the production of the Lincoln cent, it is entirely fitting to issue a series of 1-cent coins with designs on the reverse that are emblematic of the 4 major periods of President Lincoln’s life.

31 USC 5112
note.

SEC. 302. REDESIGN OF LINCOLN CENT FOR 2009.

(2) **REVERSE.**—The reverse of the coins shall bear 4 different designs each representing a different aspect of the life of Abraham Lincoln, such as—

- (A) his birth and early childhood in Kentucky;
- (B) his formative years in Indiana;
- (C) his professional life in Illinois; and
- (D) his presidency, in Washington, D.C.

(b) **ISSUANCE OF REDESIGNED LINCOLN CENTS IN 2009.**—

(1) **ORDER.**—The 1-cent coins to which this section applies shall be issued with 1 of the 4 designs referred to in subsection (a)(2) beginning at the start of each calendar quarter of 2009.

(c) **DESIGN SELECTION.**—The designs for the coins specified in this section shall be chosen by the Secretary—

(1) after consultation with the Abraham Lincoln Bicentennial Commission and the Commission of Fine Arts; and

(2) after review by the Citizens Coinage Advisory Committee.

31 USC 5112
note.

SEC. 303. REDESIGN OF REVERSE OF 1-CENT COINS AFTER 2009.

The design on the reverse of the 1-cent coins issued after December 31, 2009, shall bear an image emblematic of President Lincoln’s preservation of the United States of America as a single and united country.

31 USC 5112
note.

SEC. 304. NUMISMATIC PENNIES WITH THE SAME METALLIC CONTENT AS THE 1909 PENNY.

The Secretary of the Treasury shall issue 1-cent coins in 2009 with the exact metallic content as the 1-cent coin contained in

1909 in such number as the Secretary determines to be appropriate for numismatic purposes.

SEC. 305. SENSE OF THE CONGRESS.

31 USC 5112
note.

It is the sense of the Congress that the original Victor David Brenner design for the 1-cent coin was a dramatic departure from previous American coinage that should be reproduced, using the original form and relief of the likeness of Abraham Lincoln, on the 1-cent coins issued in 2009.

(4) The desegregation of Little Rock Central High by the 9 African American students was recognized by Dr. Martin Luther King, Jr. as such a significant event in the struggle for civil rights that in May 1958, he attended the graduation of the first African American from Little Rock Central High School.

SEC. 8117. (a) FINDINGS.—The Senate makes the following findings:

Iraq.
Afghanistan.

(1) The Department of Defense Appropriations Act, 2004 (Public Law 108–87), the Department of Defense Appropriations Act, 2005 (Public Law 108–287), and the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (Public Law 109–13) each contain a sense of the Senate provision urging the President to provide in the annual budget requests of the President for a fiscal year under section 1105(a) of title 31, United States Code, an estimate of the cost of ongoing military operations in Iraq and Afghanistan in such fiscal year.

(2) The budget for fiscal year 2006 submitted to Congress by the President on February 7, 2005, requests no funds for fiscal year 2006 for ongoing military operations in Iraq or Afghanistan.

(3) According to the Congressional Research Service, there exists historical precedent for including the cost of ongoing military operations in the annual budget requests of the President following initial funding for such operations by emergency or supplemental appropriations Acts, including—

(A) funds for Operation Noble Eagle, beginning in the budget request of President George W. Bush for fiscal year 2005;

(B) funds for operations in Kosovo, beginning in the budget request of President George W. Bush for fiscal year 2001;

(C) funds for operations in Bosnia, beginning in the budget request of President Clinton for fiscal year 1997;

(D) funds for operations in Southwest Asia, beginning in the budget request of President Clinton for fiscal year 1997;

(E) funds for operations in Vietnam, beginning in the budget request of President Johnson for fiscal year 1966; and

(F) funds for World War II, beginning in the budget request of President Roosevelt for fiscal year 1943.

(4) In section 1024(b) of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (119 Stat. 252), the Senate requested that the President submit to Congress, not later than September 1, 2005, an amendment to the budget of the President for fiscal year 2006 setting forth detailed cost estimates for ongoing military operations overseas during such fiscal year.

(5) The President has yet to submit such an amendment.

(6) In February 2005, the Congressional Budget Office estimated that fiscal year 2006 cost of ongoing military operations in Iraq and Afghanistan could total \$85,000,000,000.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) any request for funds for a fiscal year after fiscal year 2006 for an ongoing military operation overseas, including operations in Afghanistan and Iraq, should be included in the annual budget of the President for such fiscal year as submitted to Congress under section 1105(a) of title 31, United States Code;

(2) the President should submit a budget request for fiscal year 2006 setting forth estimates for ongoing military operations overseas during such fiscal year; and

(3) any funds provided for a fiscal year for ongoing military operations overseas should be provided in appropriations Acts for such fiscal year through appropriations to specific accounts set forth in such appropriations Acts.

SEC. 8118. Section 351(a)(3) of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005 (Public Law 108-375; 118 Stat. 1858) is amended by striking “July 31, 2004” and inserting “April 1, 2006”.

SEC. 8119. (a) None of the funds appropriated by this Act may be used to transfer research and development, acquisition, or other program authority relating to current tactical unmanned aerial vehicles (TUAVs) from the Army.

(b) The Army shall retain responsibility for and operational control of the Extended Range Multi-Purpose (ERMP) Unmanned Aerial Vehicle (UAV) in order to support the Secretary of Defense in matters relating to the employment of unmanned aerial vehicles.

SEC. 8120. (a) REPORT.—Not later than February 15, 2006, the Secretary of Defense shall submit to the congressional defense committees a report on the status of the review of, and actions

taken to implement, the recommendations of the Comptroller General of the United States in the report of the Comptroller General entitled “Military and Veterans Benefits: Enhanced Services Could Improve Transition Assistance for Reserves and National Guard” (GAO 05-544).

(b) PARTICULAR INFORMATION.—If the Secretary has determined in the course of the review described in subsection (a) not to implement any recommendation of the Comptroller General described in that subsection, the report under that subsection shall include a justification of such determination.

SEC. 8121. (a) The Secretary of the Navy may, subject to the terms and conditions of the Secretary, donate the World War II-era marine railway located at the United States Naval Academy, Annapolis, Maryland, to the Richardson Maritime Heritage Center, Cambridge, Maryland.

(b) The marine railway donated under subsection (a) may not be used for commercial purposes.

SEC. 8122. The Secretary of Defense may present promotional materials, including a United States flag, to any member of an Active or Reserve component under the Secretary’s jurisdiction who, as determined by the Secretary, participates in Operation Enduring Freedom or Operation Iraqi Freedom, along with other recognition items in conjunction with any week-long national observation and day of national celebration, if established by Presidential proclamation, for any such members returning from such operations.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect on September 1, 2005, and shall apply with respect to months beginning on or after that date.

(b) PERSONAL MONEY ALLOWANCE.—Section 414(c) of title 37, United States Code, is amended by striking “or the Master Chief Petty Officer of the Coast Guard” and inserting “the Master Chief Petty Officer of the Coast Guard, or the Senior Enlisted Advisor to the Chairman of the Joint Chiefs of Staff”.

SEC. 8125. SEC. 8126. SUPPORT FOR YOUTH ORGANIZATIONS. (a) SHORT TITLE.—This Act may be cited as the “Support Our Scouts Act of 2005”.

(b) SUPPORT FOR YOUTH ORGANIZATIONS.—

(1) DEFINITIONS.—In this subsection—

(A) the term “Federal agency” means each department, agency, instrumentality, or other entity of the United States Government; and

(B) the term “youth organization”—

(i) means any organization that is designated by the President as an organization that is primarily intended to—

(I) serve individuals under the age of 21 years;

(II) provide training in citizenship, leadership, physical fitness, service to community, and teamwork; and

(III) promote the development of character and ethical and moral values; and

(ii) shall include—

(I) the Boy Scouts of America;

(II) the Girl Scouts of the United States of America;

(III) the Boys Clubs of America;

(IV) the Girls Clubs of America;

(V) the Young Men’s Christian Association;

(VI) the Young Women’s Christian Association;

(VII) the Civil Air Patrol;

(VIII) the United States Olympic Committee;

(IX) the Special Olympics;

(X) Campfire USA;

(XI) the Young Marines;

(XII) the Naval Sea Cadets Corps;

(XIII) 4-H Clubs;

(XIV) the Police Athletic League;

(XV) Big Brothers—Big Sisters of America;

and

(XVI) National Guard Youth Challenge.

(2) IN GENERAL.—

(A) SUPPORT FOR YOUTH ORGANIZATIONS.—

(i) SUPPORT.—No Federal law (including any rule, regulation, directive, instruction, or order) shall be construed to limit any Federal agency from providing any form of support for a youth organization (including the Boy Scouts of America or any group officially affiliated with the Boy Scouts of America) that would result in that Federal agency providing less support to that youth organization (or any similar organization chartered under the chapter of title 36, United States Code, relating to that youth organization) than was provided during the preceding fiscal year. This clause shall be subject to the availability of appropriations.

(ii) YOUTH ORGANIZATIONS THAT CEASE TO EXIST.—Clause (i) shall not apply to any youth organization that ceases to exist.

(iii) WAIVERS.—The head of a Federal agency may waive the application of clause (i) to any youth

organization with respect to each conviction or investigation described under subclause (I) or (II) for a period of not more than 2 fiscal years if—

(I) any senior officer (including any member of the board of directors) of the youth organization is convicted of a criminal offense relating to the official duties of that officer or the youth organization is convicted of a criminal offense; or

(II) the youth organization is the subject of a criminal investigation relating to fraudulent use or waste of Federal funds.

(B) TYPES OF SUPPORT.—Support described under this paragraph shall include—

(i) holding meetings, camping events, or other activities on Federal property;

(ii) hosting any official event of such organization;

(iii) loaning equipment; and

(iv) providing personnel services and logistical support.

(c) SUPPORT FOR SCOUT JAMBOREES.—

(1) FINDINGS.—Congress makes the following findings:

(A) Section 8 of article I of the Constitution of the United States commits exclusively to Congress the powers to raise and support armies, provide and maintain a Navy, and make rules for the government and regulation of the land and naval forces.

(B) Under those powers conferred by section 8 of article I of the Constitution of the United States to provide, support, and maintain the Armed Forces, it lies within the discretion of Congress to provide opportunities to train the Armed Forces.

(C) The primary purpose of the Armed Forces is to defend our national security and prepare for combat should the need arise.

(D) One of the most critical elements in defending the Nation and preparing for combat is training in conditions that simulate the preparation, logistics, and leadership required for defense and combat.

(E) Support for youth organization events simulates the preparation, logistics, and leadership required for defending our national security and preparing for combat.

(F) For example, Boy Scouts of America's National Scout Jamboree is a unique training event for the Armed Forces, as it requires the construction, maintenance, and disassembly of a "tent city" capable of supporting tens of thousands of people for a week or longer. Camporees at the United States Military Academy for Girl Scouts and Boy Scouts provide similar training opportunities on a smaller scale.

(2) SUPPORT.—Section 2554 of title 10, United States Code, is amended by adding at the end the following:

"(i)(1) The Secretary of Defense shall provide at least the same level of support under this section for a national or world Boy Scout Jamboree as was provided under this section for the preceding national or world Boy Scout Jamboree.

"(2) The Secretary of Defense may waive paragraph (1), if the Secretary—

10 USC 2554
note.

“(A) determines that providing the support subject to paragraph (1) would be detrimental to the national security of the United States; and

“(B) reports such a determination to the Congress in a timely manner, and before such support is not provided.”.

(d) **EQUAL ACCESS FOR YOUTH ORGANIZATIONS.**—Section 109 of the Housing and Community Development Act of 1974 (42 U.S.C. 5309) is amended—

(1) in the first sentence of subsection (b) by inserting “or (e)” after “subsection (a)”; and

(2) by adding at the end the following:

“(e) **EQUAL ACCESS.**—

“(1) **DEFINITION.**—In this subsection, the term ‘youth organization’ means any organization described under part B of subtitle II of title 36, United States Code, that is intended to serve individuals under the age of 21 years.

“(2) **IN GENERAL.**—No State or unit of general local government that has a designated open forum, limited public forum, or nonpublic forum and that is a recipient of assistance under this chapter shall deny equal access or a fair opportunity to meet to, or discriminate against, any youth organization, including the Boy Scouts of America or any group officially affiliated with the Boy Scouts of America, that wishes to conduct a meeting or otherwise participate in that designated open forum, limited public forum, or nonpublic forum.”.

10 USC note
prec. 2601.

SEC. 8127. REGULATIONS TO CLARIFY GIFT ACCEPTANCE POLICY FOR SERVICE MEMBERS AND THEIR FAMILIES. (a) **REGULATIONS.**—The Secretary of Defense shall prescribe regulations to provide that, subject to such limitations as may be specified in such regulations, members of the Armed Forces described in subsection (c), and the family members of such a member, may accept gifts from non-profit organizations, private parties, and other sources outside the Department of Defense, other than foreign governments and their agents. Such regulations shall apply uniformly to the Army, Navy, Air Force, and Marine Corps, and, to the maximum extent feasible, to the Coast Guard, and shall apply uniformly to the active and reserve components.

(b) **AUTHORITY.**—A member of the Armed Forces described in subsection (c) may accept gifts as provided in the regulations authorized in subsection (a), notwithstanding section 7353 of title 5, United States Code.

(c) **COVERED MEMBERS.**—A member of the Armed Forces is described in this subsection in the case of a member who is on active duty and who on or after September 11, 2001, and while on active duty, incurred an injury or illness—

(1) as described in section 1413a(e)(2) of title 10, United States Code; or

(2) in an operation or area designated as a combat operation or a combat zone, respectively, by the Secretary of Defense in accordance with the regulations prescribed under subsection (a).

(d) **DEADLINE FOR REGULATIONS.**—Regulations under subsection (a) shall be prescribed not later than 90 days after the date of the enactment of this Act.

(e) RETROACTIVE APPLICABILITY OF REGULATIONS.—Regulations under subsection (a) shall, to the extent provided in such regulations, also apply to the acceptance of gifts during the period beginning on September 11, 2001, and ending on the date on which such regulations go into effect.

SEC. 8128. Section 106(g) of the Alaska Natural Gas Pipeline Act (15 U.S.C. 720d) is amended by striking “later” and inserting “earlier”.

SEC. 8129. The present incumbent Attending Physician at the U.S. Capitol shall be continued on active duty until ten years after the enactment of this Act. Termination date.

TITLE IV—HURRICANE EDUCATION RECOVERY ACT

Subtitle A—Elementary and Secondary Education Hurricane Relief

SEC. 101. FINDINGS; DEFINITIONS.

(a) FINDINGS.—Congress finds the following:

(1) Hurricane Katrina and Hurricane Rita have had a devastating and unprecedented impact on students who attended schools in the disaster areas.

(2) Due to the devastating effects of Hurricane Katrina and Hurricane Rita, a significant number of students have enrolled in schools outside of the area in which they resided, including a significant number of students who enrolled in non-public schools because their parents chose to enroll them in such schools.

(3) 372,000 students were displaced by Hurricane Katrina. Approximately 700 schools have been damaged or destroyed. Nine States each have more than 1,000 of such displaced students enrolled in their schools. In Texas alone, over 45,000 displaced students have enrolled in schools.

(4) In response to these extraordinary conditions, this subtitle creates a one-time only emergency grant for the 2005–2006 school year tailored to the needs and particular circumstances of students displaced by Hurricane Katrina and Hurricane Rita.

(5) The level and type of assistance provided under this subtitle, both for students attending public schools and students attending non-public schools, is made available solely because of the unprecedented nature of the crisis, the massive dislocation of students, and the short duration of the services or assistance.

(b) **DEFINITIONS.**—Unless otherwise specified in this subtitle, the terms used in this subtitle have the meanings given the terms in section 9101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).

SEC. 102. IMMEDIATE AID TO RESTART SCHOOL OPERATIONS.

(a) **PURPOSE.**—It is the purpose of this section—

(1) to provide immediate services or assistance to local educational agencies and non-public schools in Louisiana, Mississippi, Alabama, and Texas that serve an area in which a major disaster has been declared in accordance with section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170), related to Hurricane Katrina or Hurricane Rita; and

(2) to assist school administrators and personnel of such agencies or non-public schools with expenses related to the restart of operations in, the re-opening of, and the re-enrollment of students in, elementary schools and secondary schools in such areas.

(b) **PAYMENTS AUTHORIZED.**—From amounts appropriated to carry out this subtitle, the Secretary of Education is authorized to make payments, on such basis as the Secretary determines appropriate, taking into consideration the number of students who were enrolled, during the 2004–2005 school year, in elementary schools and secondary schools that were closed on September 12, 2005, as a result of Hurricane Katrina or on October 7, 2005, as a result of Hurricane Rita, to State educational agencies in Louisiana, Mississippi, Alabama, and Texas to enable such agencies to provide services or assistance to local educational agencies or non-public schools serving an area in which a major disaster has been declared in accordance with section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170), related to Hurricane Katrina or Hurricane Rita.

(c) **ELIGIBILITY, CONSIDERATION, AND EQUITY.**—

(1) **ELIGIBILITY AND CONSIDERATION.**—From the payment provided by the Secretary of Education under subsection (b), the State educational agency shall provide services and assistance to local educational agencies and non-public schools, consistent with the provisions of this section. In determining the amount to be provided for services or assistance under this section, the State educational agency shall consider the following:

(A) The number of school-aged children served by the local educational agency or non-public school in the academic year preceding the academic year for which the services or assistance are provided.

(B) The severity of the impact of Hurricane Katrina or Hurricane Rita on the local educational agency or non-public school and the extent of the needs in each local educational agency or non-public school in Louisiana, Mississippi, Alabama, and Texas that is in an area in which a major disaster has been declared in accordance with section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170), related to Hurricane Katrina or Hurricane Rita.

(2) **EQUITY.**—Educational services and assistance provided for eligible non-public school students under paragraph (1) shall

be equitable in comparison to the educational services and other benefits provided for public school students under this section, and shall be provided in a timely manner.

(d) APPLICATIONS.—Each local educational agency or non-public school desiring services or assistance under this section shall submit an application to the State educational agency at such time, in such manner, and accompanied by such information as the State educational agency may reasonably require to ensure expedited and timely provision of services or assistance to the local educational agency or non-public school.

(e) USES OF FUNDS.—

(1) IN GENERAL.—A local educational agency or non-public school receiving services or assistance from the State educational agency under this section shall use such services or assistance for—

(A) recovery of student and personnel data, and other electronic information;

(B) replacement of school district information systems, including hardware and software;

(C) financial operations;

(D) reasonable transportation costs;

(f) SUPPLEMENT NOT SUPPLANT.—

(1) IN GENERAL.—Except as provided in paragraph (2), services or assistance made available under this section shall be used to supplement, not supplant, any funds made available through the Federal Emergency Management Agency or through a State.

(2) EXCEPTION.—Paragraph (1) shall not prohibit the provision of Federal assistance under this section to an eligible State educational agency, local educational agency, or non-public school that is or may be entitled to receive, from another source, benefits for the same purposes as under this section if—

(A) such State educational agency, local educational agency, or school has not received such other benefits by the time of application for Federal assistance under this section; and

(B) such State educational agency, local educational agency, or school agrees to repay all duplicative Federal assistance received to carry out the purposes of this section.

(g) **DEFINITION OF NON-PUBLIC SCHOOL.**—The term “non-public school” means a non-public elementary school or secondary school that—

(1) is accredited or licensed or otherwise operates in accordance with State law; and

(2) was in existence prior to August 22, 2005.

(h) **ASSISTANCE TO NON-PUBLIC SCHOOLS.**—

(1) **FUNDS AVAILABILITY.**—From the payment provided by the Secretary of Education under subsection (b) to a State educational agency, the State educational agency shall reserve an amount of funds, to be made available to non-public schools in the State, that is not less than an amount that bears the same relation to the payment as the number of non-public elementary schools and secondary schools in the State bears to the total number of non-public and public elementary schools and secondary schools in the State. The number of such schools shall be determined by the National Center for Education Statistics Common Core of Data for the 2003–2004 school year. Such funds shall be used for the provision of services or assistance at non-public schools, except as provided in paragraph (2).

(2) **SPECIAL RULE.**—If funds made available under paragraph (1) remain unobligated 120 days after the date of enactment of this Act, such funds may be used to provide services or assistance under this section to local educational agencies or non-public schools.

(3) **PUBLIC CONTROL OF FUNDS.**—The control of funds for the services and assistance provided to a non-public school under paragraph (1), and title to materials, equipment, and property purchased with such funds, shall be in a public agency, and a public agency shall administer such funds, materials, equipment, and property and shall provide such services (or may contract for the provision of such services with a public or private entity).

SEC. 105. REGULATORY AND FINANCIAL RELIEF.

(a) **WAIVER AUTHORITY.**—Subject to subsections (b) and (c), in providing any grant or other assistance, directly or indirectly, to an entity in an affected State in which a major disaster has been declared in accordance with section 401 of the Robert T. SEC. 1. SHORT TITLE.

This division may be cited as the “Public Readiness and Emergency Preparedness Act”.

SEC. 2. TARGETED LIABILITY PROTECTIONS FOR PANDEMIC AND EPIDEMIC PRODUCTS AND SECURITY COUNTERMEASURES.

Part B of title III of the Public Health Service Act (42 U.S.C. 243 et seq.) is amended by inserting after section 319F–2 the following section:

42 USC 247d–6d.

“SEC. 319F–3. TARGETED LIABILITY PROTECTIONS FOR PANDEMIC AND EPIDEMIC PRODUCTS AND SECURITY COUNTERMEASURES.

“(a) LIABILITY PROTECTIONS.—

“(1) IN GENERAL.—Subject to the other provisions of this section, a covered person shall be immune from suit and liability under Federal and State law with respect to all claims for loss caused by, arising out of, relating to, or resulting from the administration to or the use by an individual of a covered countermeasure if a declaration under subsection (b) has been issued with respect to such countermeasure.

“(2) SCOPE OF CLAIMS FOR LOSS.—

“(A) LOSS.—For purposes of this section, the term ‘loss’ means any type of loss, including—

“(i) death;

“(ii) physical, mental, or emotional injury, illness, disability, or condition;

“(iii) fear of physical, mental, or emotional injury, illness, disability, or condition, including any need for medical monitoring; and

“(iv) loss of or damage to property, including business interruption loss.

Each of clauses (i) through (iv) applies without regard to the date of the occurrence, presentation, or discovery of the loss described in the clause.

“(B) SCOPE.—The immunity under paragraph (1) applies to any claim for loss that has a causal relationship with the administration to or use by an individual of a covered countermeasure, including a causal relationship with the design, development, clinical testing or investigation, manufacture, labeling, distribution, formulation, packaging, marketing, promotion, sale, purchase, donation, dispensing, prescribing, administration, licensing, or use of such countermeasure.

“(3) CERTAIN CONDITIONS.—Subject to the other provisions of this section, immunity under paragraph (1) with respect to a covered countermeasure applies only if—

“(A) the countermeasure was administered or used during the effective period of the declaration that was issued under subsection (b) with respect to the countermeasure;

“(B) the countermeasure was administered or used for the category or categories of diseases, health conditions, or threats to health specified in the declaration; and

“(C) in addition, in the case of a covered person who is a program planner or qualified person with respect to the administration or use of the countermeasure, the countermeasure was administered to or used by an individual who—

“(i) was in a population specified by the declaration; and

“(ii) was at the time of administration physically present in a geographic area specified by the declaration or had a connection to such area specified in the declaration.

“(4) APPLICABILITY OF CERTAIN CONDITIONS.—With respect to immunity under paragraph (1) and subject to the other provisions of this section:

“(A) In the case of a covered person who is a manufacturer or distributor of the covered countermeasure involved, the immunity applies without regard to whether such countermeasure was administered to or used by an individual in accordance with the conditions described in paragraph (3)(C).

“(B) In the case of a covered person who is a program planner or qualified person with respect to the administration or use of the covered countermeasure, the scope of immunity includes circumstances in which the countermeasure was administered to or used by an individual in circumstances in which the covered person reasonably could have believed that the countermeasure was administered or used in accordance with the conditions described in paragraph (3)(C).

“(5) EFFECT OF DISTRIBUTION METHOD.—The provisions of this section apply to a covered countermeasure regardless of whether such countermeasure is obtained by donation, commercial sale, or any other means of distribution, except to the extent that, under paragraph (2)(E) of subsection (b), the declaration under such subsection provides that subsection (a) applies only to covered countermeasures obtained through a particular means of distribution.

“(6) REBUTTABLE PRESUMPTION.—For purposes of paragraph (1), there shall be a rebuttable presumption that any administration or use, during the effective period of the emergency declaration by the Secretary under subsection (b), of a covered countermeasure shall have been for the category or categories of diseases, health conditions, or threats to health with respect to which such declaration was issued.

“(b) DECLARATION BY SECRETARY.—

“(1) AUTHORITY TO ISSUE DECLARATION.—Subject to paragraph (2), if the Secretary makes a determination that a disease or other health condition or other threat to health constitutes a public health emergency, or that there is a credible risk

that the disease, condition, or threat may in the future constitute such an emergency, the Secretary may make a declaration, through publication in the Federal Register, recommending, under conditions as the Secretary may specify, the manufacture, testing, development, distribution, administration, or use of one or more covered countermeasures, and stating that subsection (a) is in effect with respect to the activities so recommended.

“(2) CONTENTS.—In issuing a declaration under paragraph (1), the Secretary shall identify, for each covered countermeasure specified in the declaration—

“(A) the category or categories of diseases, health conditions, or threats to health for which the Secretary recommends the administration or use of the countermeasure;

“(B) the period or periods during which, including as modified by paragraph (3), subsection (a) is in effect, which period or periods may be designated by dates, or by milestones or other description of events, including factors specified in paragraph (6);

“(C) the population or populations of individuals for which subsection (a) is in effect with respect to the administration or use of the countermeasure (which may be a specification that such subsection applies without geographic limitation to all individuals);

“(D) the geographic area or areas for which subsection (a) is in effect with respect to the administration or use of the countermeasure (which may be a specification that such subsection applies without geographic limitation), including, with respect to individuals in the populations identified under subparagraph (C), a specification, as determined appropriate by the Secretary, of whether the declaration applies only to individuals physically present in such areas or whether in addition the declaration applies to individuals who have a connection to such areas, which connection is described in the declaration; and

“(E) whether subsection (a) is effective only to a particular means of distribution as provided in subsection (a)(5) for obtaining the countermeasure, and if so, the particular means to which such subsection is effective.

“(3) EFFECTIVE PERIOD OF DECLARATION.—

“(A) FLEXIBILITY OF PERIOD.—The Secretary may, in describing periods under paragraph (2)(B), have different periods for different covered persons to address different logistical, practical or other differences in responsibilities.

“(B) ADDITIONAL TIME TO BE SPECIFIED.—In each declaration under paragraph (1), the Secretary, after consulting, to the extent the Secretary deems appropriate, with the manufacturer of the covered countermeasure, shall also specify a date that is after the ending date specified under paragraph (2)(B) and that allows what the Secretary determines is—

“(i) a reasonable period for the manufacturer to arrange for disposition of the covered countermeasure, including the return of such product to the manufacturer; and

“(ii) a reasonable period for covered persons to take such other actions as may be appropriate to limit administration or use of the covered countermeasure.

“(C) ADDITIONAL PERIOD FOR CERTAIN STRATEGIC NATIONAL STOCKPILE COUNTERMEASURES.—With respect to a covered countermeasure that is in the stockpile under section 319F-2, if such countermeasure was the subject of a declaration under paragraph (1) at the time that it was obtained for the stockpile, the effective period of such declaration shall include a period when the countermeasure is administered or used pursuant to a distribution or release from the stockpile.

“(4) AMENDMENTS TO DECLARATION.—The Secretary may through publication in the Federal Register amend any portion of a declaration under paragraph (1). Such an amendment shall not retroactively limit the applicability of subsection (a) with respect to the administration or use of the covered countermeasure involved.

“(5) CERTAIN DISCLOSURES.—In publishing a declaration under paragraph (1) in the Federal Register, the Secretary is not required to disclose any matter described in section 552(b) of title 5, United States Code.

“(6) FACTORS TO BE CONSIDERED.—In deciding whether and under what circumstances or conditions to issue a declaration under paragraph (1) with respect to a covered countermeasure, the Secretary shall consider the desirability of encouraging the design, development, clinical testing or investigation, manufacture, labeling, distribution, formulation, packaging, marketing, promotion, sale, purchase, donation, dispensing, prescribing, administration, licensing, and use of such countermeasure.

“(7) JUDICIAL REVIEW.—No court of the United States, or of any State, shall have subject matter jurisdiction to review, whether by mandamus or otherwise, any action by the Secretary under this subsection.

“(8) PREEMPTION OF STATE LAW.—During the effective period of a declaration under subsection (b), or at any time with respect to conduct undertaken in accordance with such declaration, no State or political subdivision of a State may establish, enforce, or continue in effect with respect to a covered countermeasure any provision of law or legal requirement that—

“(A) is different from, or is in conflict with, any requirement applicable under this section; and

“(B) relates to the design, development, clinical testing or investigation, formulation, manufacture, distribution, sale, donation, purchase, marketing, promotion, packaging, labeling, licensing, use, any other aspect of safety or efficacy, or the prescribing, dispensing, or administration by qualified persons of the covered countermeasure, or to any matter included in a requirement applicable to the covered countermeasure under this section or any other provision of this Act, or under the Federal Food, Drug, and Cosmetic Act.

“(9) REPORT TO CONGRESS.—Within 30 days after making a declaration under paragraph (1), the Secretary shall submit to the appropriate committees of the Congress a report that

provides an explanation of the reasons for issuing the declaration and the reasons underlying the determinations of the Secretary with respect to paragraph (2). Within 30 days after making an amendment under paragraph (4), the Secretary shall submit to such committees a report that provides the reasons underlying the determination of the Secretary to make the amendment.

“(c) DEFINITION OF WILLFUL MISCONDUCT.—

“(1) DEFINITION.—

“(A) IN GENERAL.—Except as the meaning of such term is further restricted pursuant to paragraph (2), the term ‘willful misconduct’ shall, for purposes of subsection (d), denote an act or omission that is taken—

“(i) intentionally to achieve a wrongful purpose;

“(ii) knowingly without legal or factual justification; and

“(iii) in disregard of a known or obvious risk that is so great as to make it highly probable that the harm will outweigh the benefit.

“(B) RULE OF CONSTRUCTION.—The criterion stated in subparagraph (A) shall be construed as establishing a standard for liability that is more stringent than a standard of negligence in any form or recklessness.

“(2) AUTHORITY TO PROMULGATE REGULATORY DEFINITION.—

“(A) IN GENERAL.—The Secretary, in consultation with the Attorney General, shall promulgate regulations, which may be promulgated through interim final rules, that further restrict the scope of actions or omissions by a covered person that may qualify as ‘willful misconduct’ for purposes of subsection (d).

“(B) FACTORS TO BE CONSIDERED.—In promulgating the regulations under this paragraph, the Secretary, in consultation with the Attorney General, shall consider the need to define the scope of permissible civil actions under subsection (d) in a way that will not adversely affect the public health.

“(C) TEMPORAL SCOPE OF REGULATIONS.—The regulations under this paragraph may specify the temporal effect that they shall be given for purposes of subsection (d).

“(D) INITIAL RULEMAKING.—Within 180 days after the enactment of the Public Readiness and Emergency Preparedness Act, the Secretary, in consultation with the Attorney General, shall commence and complete an initial rulemaking process under this paragraph.

“(3) PROOF OF WILLFUL MISCONDUCT.—In an action under subsection (d), the plaintiff shall have the burden of proving by clear and convincing evidence willful misconduct by each covered person sued and that such willful misconduct caused death or serious physical injury.

“(4) DEFENSE FOR ACTS OR OMISSIONS TAKEN PURSUANT TO SECRETARY’S DECLARATION.—Notwithstanding any other provision of law, a program planner or qualified person shall not have engaged in ‘willful misconduct’ as a matter of law where such program planner or qualified person acted consistent with applicable directions, guidelines, or recommendations by the Secretary regarding the administration or use of a covered countermeasure that is specified in the declaration

Deadline.

“(5) EXCLUSION FOR REGULATED ACTIVITY OF MANUFACTURER OR DISTRIBUTOR.—

“(A) IN GENERAL.—If an act or omission by a manufacturer or distributor with respect to a covered countermeasure, which act or omission is alleged under subsection (e)(3)(A) to constitute willful misconduct, is subject to regulation by this Act or by the Federal Food, Drug, and Cosmetic Act, such act or omission shall not constitute ‘willful misconduct’ for purposes of subsection (d) if—

“(i) neither the Secretary nor the Attorney General has initiated an enforcement action with respect to such act or omission; or

“(ii) such an enforcement action has been initiated and the action has been terminated or finally resolved without a covered remedy.

Any action or proceeding under subsection (d) shall be stayed during the pendency of such an enforcement action.

“(B) DEFINITIONS.—For purposes of this paragraph, the following terms have the following meanings:

“(i) ENFORCEMENT ACTION.—The term ‘enforcement action’ means a criminal prosecution, an action seeking an injunction, a seizure action, a civil monetary proceeding based on willful misconduct, a mandatory recall of a product because voluntary recall was refused, a proceeding to compel repair or replacement of a product, a termination of an exemption under section 505(i) or 520(g) of the Federal Food, Drug, and Cosmetic Act, a debarment proceeding, an investigator disqualification proceeding where an investigator is an employee or agent of the manufacturer, a revocation, based on willful misconduct, of an authorization under section 564 of such Act, or a suspension or withdrawal, based on willful misconduct, of an approval or clearance under chapter V of such Act or of a licensure under section 351 of this Act.

Such panel shall have jurisdiction over such action for purposes of considering motions to dismiss, motions for summary judgment, and matters related thereto. If such panel has denied such motions, or if the time for filing such motions has expired, such panel shall refer the action to the chief judge for assignment for further proceedings, including any trial. “(A) TIMING.—In an action under subsection (d), no discovery shall be allowed—

“(i) before each covered person sued has had a reasonable opportunity to file a motion to dismiss;

“(ii) in the event such a motion is filed, before the court has ruled on such motion; and

“(iii) in the event a covered person files an interlocutory appeal from the denial of such a motion, before the court of appeals has ruled on such appeal.

“(B) STANDARD.—Notwithstanding any other provision of law, the court in an action under subsection (d) shall permit discovery only with respect to matters directly related to material issues contested in such action, and the court shall compel a response to a discovery request (including a request for admission, an interrogatory, a request for production of documents, or any other form of discovery request) under Rule 37, Federal Rules of Civil Procedure, only if the court finds that the requesting party needs the information sought to prove or defend as to a material issue contested in such action and that the likely benefits of a response to such request equal or exceed the burden or cost for the responding party of providing such response.

“(A) IN GENERAL.—In an action under subsection (d), the amount of an award of damages that would otherwise be made to a plaintiff shall be reduced by the amount of collateral source benefits to such plaintiff.

Such sanction shall be sufficient to deter repetition of such conduct or comparable conduct by others similarly situated, and to compensate the party or parties injured by such conduct.

“(10) INTERLOCUTORY APPEAL.—The United States Court of Appeals for the District of Columbia Circuit shall have jurisdiction of an interlocutory appeal by a covered person taken within 30 days of an order denying a motion to dismiss or a motion for summary judgment based on an assertion of the immunity from suit conferred by subsection (a) or based on an assertion of the exclusion under subsection (c)(5).

“(f) ACTIONS BY AND AGAINST THE UNITED STATES.—Nothing in this section shall be construed to abrogate or limit any right, remedy, or authority that the United States or any agency thereof may possess under any other provision of law or to waive sovereign immunity or to abrogate or limit any defense or protection available to the United States or its agencies, instrumentalities, officers, or employees under any other law, including any provision of chapter 171 of title 28, United States Code (relating to tort claims procedure).

“(g) SEVERABILITY.—If any provision of this section, or the application of such provision to any person or circumstance, is held to be unconstitutional, the remainder of this section and the application of such remainder to any person or circumstance shall not be affected thereby.

(a) **SHORT TITLE.**—This section may be cited as the “George E. Brown, Jr. Near-Earth Object Survey Act”.

(b) **FINDINGS.**—The Congress makes the following findings:

(1) Near-Earth objects pose a serious and credible threat to humankind, as many scientists believe that a major asteroid or comet was responsible for the mass extinction of the majority of the Earth’s species, including the dinosaurs, nearly 65,000,000 years ago.

(2) Similar objects have struck the Earth or passed through the Earth’s atmosphere several times in the Earth’s history and pose a similar threat in the future.

(3) Several such near-Earth objects have only been discovered within days of the objects’ closest approach to Earth, and recent discoveries of such large objects indicate that many large near-Earth objects remain undiscovered.

(4) The efforts taken to date by NASA for detecting and characterizing the hazards of near-Earth objects are not sufficient to fully determine the threat posed by such objects to cause widespread destruction and loss of life.

(A) by redesignating subsection (g) as subsection (h);

(B) by inserting after subsection (f) the following new subsection:

“(g) The Congress declares that the general welfare and security of the United States require that the unique competence of the National Aeronautics and Space Administration be directed to detecting, tracking, cataloguing, and characterizing near-Earth asteroids and comets in order to provide warning and mitigation of the potential hazard of such near-Earth objects to the Earth.”; and

(C) in subsection (h), as so redesignated by subparagraph (A) of this paragraph, by striking “and (f)” and inserting “(f), and (g)”.
